Dice puzzle

- Work with a partner.
- Get three dice and a different colour pencil crayon each.
- Take it in turns to roll all three dice.
- Using the three numbers you roll, make as many numbers between 1 and 100 as you can. You can only use each number once.
- You can add, take away, times and divide.
- Colour in the numbers you make.
- Move on to the next player.
- Record the calculations you have used in your book.
- The person who has coloured the most squares wins.
