5th June 2019

Dear Parent

As you are aware we have a large building project that started on site today. The work is planned to be completed by April 2020 meaning we will have two brand new classrooms and a new cloakroom and toilet area. This will also provide us with an empty space in school which can be used for group work etc.

The first phase of the work involves completing a lot of internal alterations during the summer holidays including roof lights and some new windows. This work should be finished on Friday 30th August leaving us with only the two planned INSET days to get school back together and ready for the start of term. After much consideration by Governors it has been agreed that school will be closed on Wednesday 4th September also and school will not reopen until Thursday 5th September for the start of the Autumn term. It is hoped that planning for this extra day will ensure families are able to plan for the closure with lots of time and staff will have sufficient time to ensure the building and learning environment is safe and ready for the children.

We thank you in advance for your support and understanding at this time- should you have any questions about this please do call into school and speak with me.

Rebecca Quinn
Headteacher
