

Friday 13th September 2019 – Homework

This week children will need to complete their reading homework in their Homework books whilst we are waiting for reading diaries to arrive (see separate sheet). Spellings will also need to be practised.

Maths homework – As there is a multiplication test all children in Year 4 have to complete across the country at the end of year 4, it is really important that children practise their times tables. For your homework this week, you need to choose a times table that you find tricky and represent it in both modern day numbers and roman numerals. Please use the example below.

$$1 \times 2 = 2$$

$$I \times II = II$$

Homework is to be handed in on Wednesday 18th September. If homework is not handed in on this date, children will be completing it during break time.
